

## ABOUT PATBOARD

**We believe in visual and physical**

At PATboard we believe in working agile. Our products are designed out of our passion for scrum and lean project management. We believe physical and visual tools improve interaction and communication within a team.

Creating visual tools is in our DNA. We see it as our mission to make tools to help teams perform better and have more fun. Our products offer the perfect tools for lean and agile project management.

## OUR CUSTOMERS

## Helping our customers

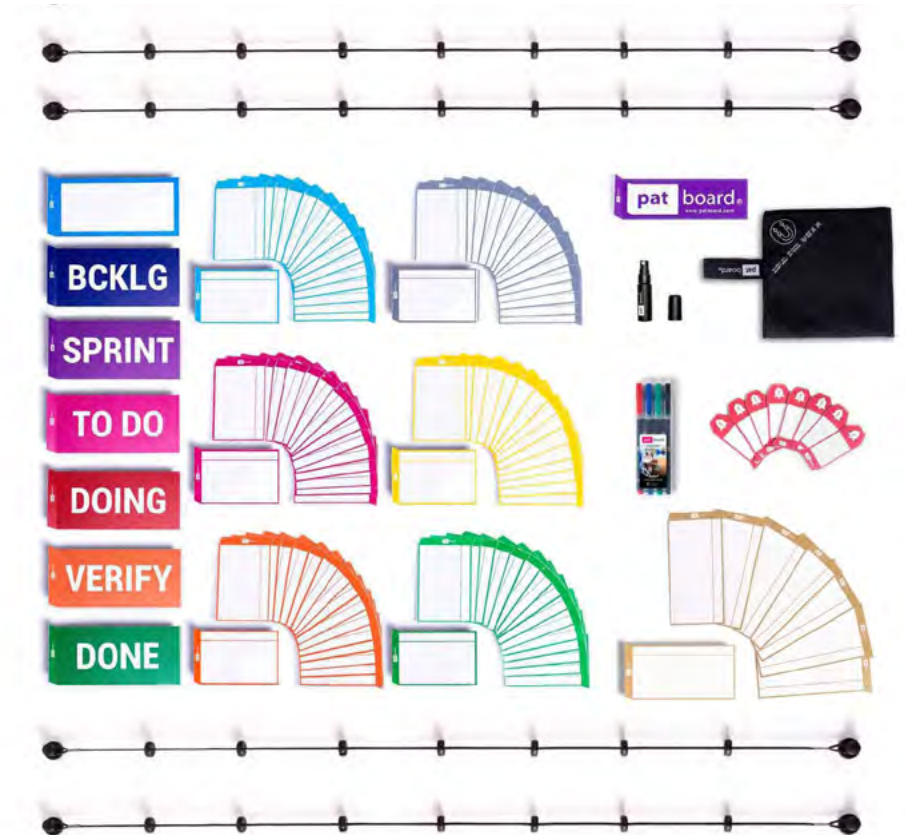

We are driven to help our customers improve their agile and scrum project management. That mission, and our focus on product quality, is why our customers love our products.

Excellent

Our customers reviewed us as excellent and gave us 4.68 out of 5 stars out of almost 400 individual ratings. We are proud at the fact that 96% of our reviewers would recommend PATboard to others.

## KANBAN BOARD - FULL TOOL SET

#### FOLD

Fold the edge of each card so you can grab and stack more easily.

#### COLUMNcards

Used to define the columns on your board.

#### PATlanes

With our adjustable lanes you divide your board into columns or rows.

#### STORYcards

STORYcards are a bit longer than TASKcards, so there is enough space to write down your user stories.

#### TASKcards

The standard task card. This card is used for all your tasks on the board.

#### STACK

Stack all the unused cards at the bottom of your board.

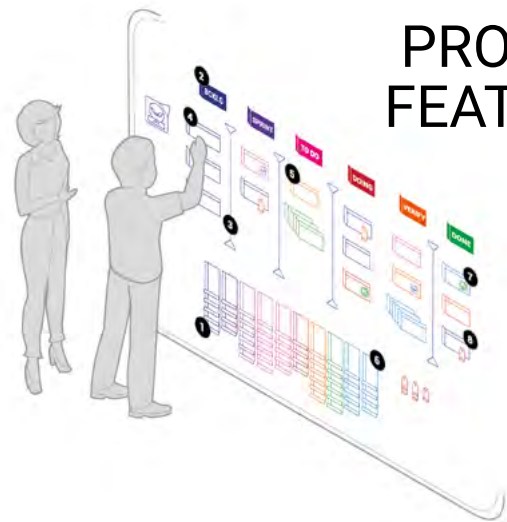

#### TEAM & EMOTicons

Icons can be used to assign tasks to members in your team or to indicate the progress on a particular item.

#### IMPEDIMENTcards

These small cards are used to mark impediments on your board.

## PRODUCT FEATURES

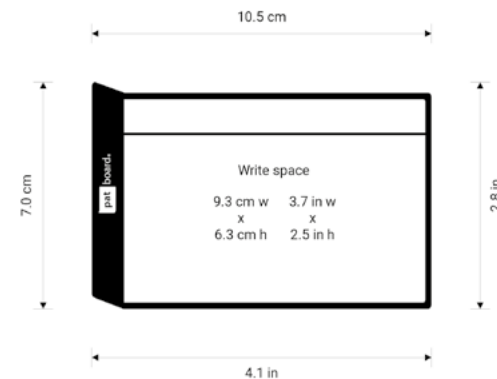

**Write**  
The ink of our markers will dry in a few seconds. **Don't use** whiteboard or permanent markers!

**Wash**  
Hold the cards under a running tap and be amazed how easily the ink will wash off with water.

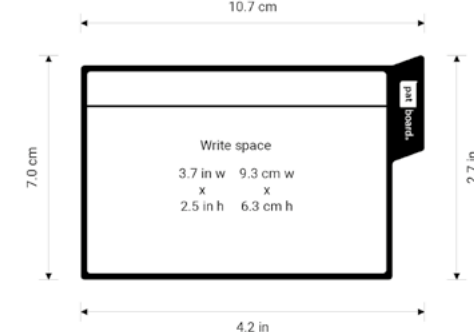

**Share**  
Discover with your team and stakeholders how simple communication can become.

#### MAGNETIC

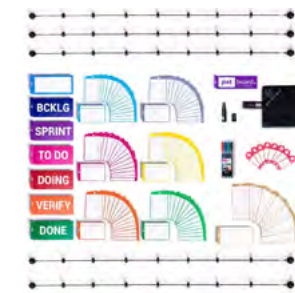

- > Reusable
- > Magnetic backside
- > Sticks to metal surfaces
- > Perfect for whiteboards

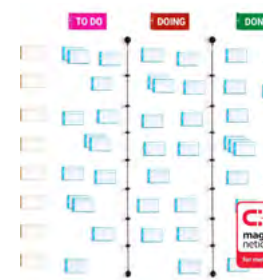

#### NANOCUPS®

- > Reusable
- > Nanocups® backside (no glue)
- > Sticks to all 100% flat surfaces
- > Perfect for glass(boards)

## Reusable write, clean & repeat

Prefer to write on paper, but still want a reusable solution? This notebook contains duratech3™ technology. This means the pages write just like paper. It has a nice matte texture surface and the ink dries almost instantly! Clean the pages with the included cleaning set or under a running tap with just water. This is how you use the pages over and over again, thanks to our duratech3™ pages.

## Modular tailor it to your needs

Modubooq consists of several reusable pages, all with a colourful design. You can rearrange these pages, add new ones or take out unused ones. This is how you create your own modubooq™, exactly suiting your needs!

## Smart save to your cloud drive

Erasing your notes doesn't mean they are gone. Make your notes digital in seconds and upload to your cloud drive or share with anybody with one of the free Android or iOS scan apps. Pages in the notebook are optimized to digitize, the app instantly recognizes a page.

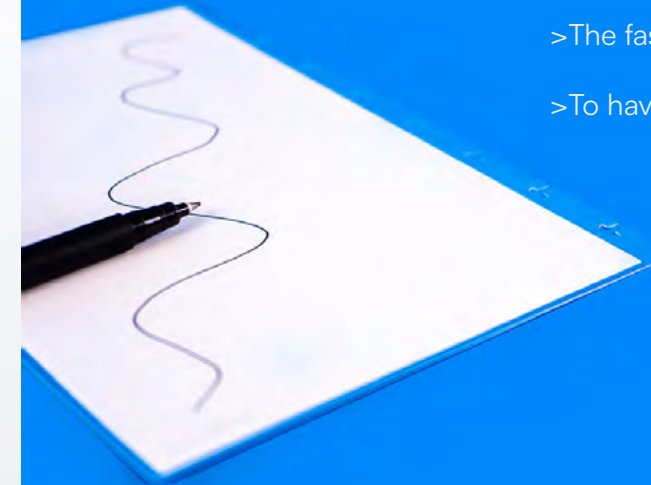

**modubooq™**  
modular. reusable. smart.

## Innovative Duratech3™ pages

This notebook contains duratech3™ technology. This means the pages write just like paper. It has a nice matte texture surface and the ink dries almost instantly!

Moving forward, our goal was to achieve the following technical innovations over other reusable notebooks:

- >The most paper-like writing experience possible on rewritable paper.v
- >Have the most durable material on the market yet to be found, with no residue or pressure marks left after writing.
- >The fastest drying ink.
- >To have 100% waterproof pages.

# modubooq™

modular. reusable. smart.

 > non-permanent marker pen

## Creativity meets productivity

Every project requires creativity – conceiving and combining ideas in new ways in order to innovate, educate, entertain, inspire, persuade, or simply share concepts.

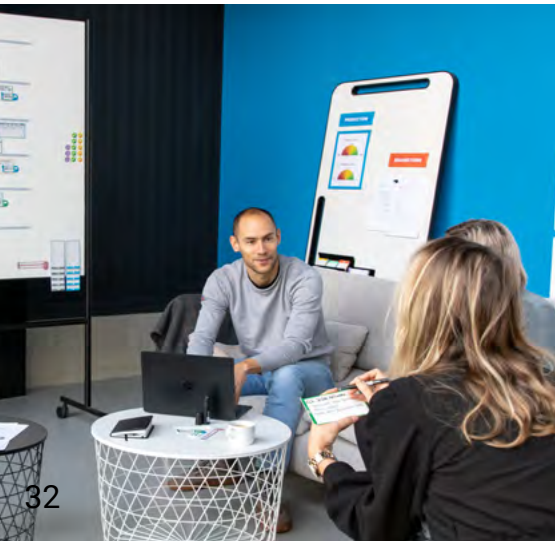

Yet the physical tools used to develop and deliver creative projects have not evolved much since the early days of paper index cards pinned to corkboards! As the creators of the world's #1 physical productivity tools, we decided to change that.

## The proven benefits of hands-on creative tools

The “Index Card” system of visual story development has been in use since the early days of the entertainment, advertising, and communications industries.

Even with the availability of writing software, story-visualizing programs and digital Index Card apps, many top creative professionals prefer the interaction with physical cards. This way they can create a full-sized work board for concept creation, story mapping, scene development, and enhancing productivity.

## Storymappr™

### Adapts to your project needs

Our storymappr™ tool set adapts to your project needs and workflow. Is your project intended for business, entertainment, education, or something else?

Is it written, audiovisual, interactive, or a live event? Short-form or long-form? Narrative, non-fiction, or a hybrid? Are you a creative board expert or a first-time user? Solo creator or creative team? Just starting the project or looking to boost planning, production, or implementation?

Whatever you're creating, our productivity tools have got you covered

# Let's get started with Qridpanels!

**Magnetic:** Organise your ideas with PATboard cards or place notes/prints with Push Pin or Memo Magnets.

**Dry erase:** Easy to write on with all whiteboard markers & to dry erase. Just like your regular whiteboard, but better.

**Move:** Easy to move around. Take it to your desk or home. Pick & (re)place is easy.

**Lightweight:** This is the lightweight whiteboard you need. Easy to lift and if necessary you can hold one panel with one hand. It is that simple.

## Upgrade your home office with modular whiteboard panels

The Qridpanels are also great for your home office, because of its thoughtful design. They are very flexible, because they can be adjusted to the free space you have on the wall.

Use the Qridpanels as a magnetic dry erase whiteboard throughout your home. For example: in one room to keep track of your administration and in another room to keep a to do list for the household!
